Jizzakh Vocational College of Transport And Commun, Djizak, Uzbekistan
June 2017

PROFESSIONAL SUMMARY

I am a passionate and experienced Full Stack Developer. I specialize in building scalable and high-performance web applications that seamlessly integrate frontend and backend technologies. With a keen eye for clean code, efficiency, and user experience, I develop dynamic, responsive, and secure platforms that bring ideas to life.

SKILLS

- Python
- Symfony Framework
- Django Rest Framework
- CSS
- JavaScript
- SQL/MySQL
- Django
- PHP
- HTML
- Bootstrap
- NodeJS
- Git/GitHub

PERSONAL PROJECTS

Albaseng.com - Simplifying Job Search
Employers can post jobs, and job seekers can find opportunities by location. The platform also features a chat section for discussions and support.
Technologies

- Django Framework – Backend logic and API management
- Python – Server-side processing
- JavaScript – Dynamic interactions and real-time updates
- SQL/MySQL – Database management and data optimization
- HTML/CSS – Clean and easy-to-use UI
